PRESS RELEASE

The Safe Battery Experience, Klettwitz, Germany, October 08 – 09, 2025

The SafeBattery Experience is the forum to discuss and experience the latest technologies and findings for automotive battery safety and its testing and simulation. It focusses on the objective evaluation and validation of battery safety, testing and simulation procedures and the enabling technologies. Automotive safety has been traditionally an area for very stringent legislation and consumer testing. Battery safety is no exception. The SafeBattery Experience will address current and future legal requirements, NCAP assessments and development standards. Furthermore, the SafeBattery Experience is showcasing the latest testing technologies at real laboratories.
